*To the Campus Community:*

*During their visit to Hocking College last year, the site review team from the Higher Learning Commission learned that many employees wanted greater participation in the decisions, strategies, processes and procedures of our institution. In September 2013, the Commission will conduct a follow-up visit to assess how well we have moved forward in our efforts to make shared decision-making a fundamental value that guides our services to the students we serve.*

*One of the most effective ways to meet this goal is through greater participation on either new or existing college committees. Below is a link to a survey for you to complete, which provides you with a roster of these committees, and invites you to rank your interest in serving on one or more of them. You will also be asked to identify which committees you may have already joined, and to suggest other committees you would like to see in the college.*

Here is the link to the survey: [https://www.surveymonkey.com/s/2012-2013\\_Committees](https://www.surveymonkey.com/s/2012-2013_Committees). Please submit your completed survey by Friday, November 9. We look forward to your responses.

**I. Please indicate your interest in serving on one or more of the following committees. If choosing more than one, please rank order your preferences, with "1" representing your top choice. You are encouraged to indicate interest in up to three of the committees listed.**
